

## **CHM1290Y Inorganic Chemistry Seminar**

### **Course Coordinator**

Prof. Datong Song, email: [dsong@chem.utoronto.ca](mailto:dsong@chem.utoronto.ca)

**Course Description:** The inorganic chemistry seminar course consists of a series of seminars presented by graduate students and occasional visiting speakers. All Ph.D. students in the inorganic division are required to present a seminar of their research in the second year, a seminar of an original off-topic research proposal in the third year, and a seminar of their research in the fourth year. All M.Sc. students in the inorganic division are required to present a seminar of their research before thesis submission.

**Course Evaluation:** Students enrolled in the inorganic division are expected to attend and participate in the seminars regularly. A pass or fail grade will be assigned to each student. The course coordinator will monitor the attendance and participation of graduate students.

**Time:** Wednesdays 5:10 – 6:00 pm

**Location:** Davenport East Seminar Room (UTSc and UTM attend through videolink)
